Sierra Aftercare Center was founded on the principles of providing low cost cremation and burial services while offering alternatives not normally associated with low cost firms or societies. We offer complete cremation services, with cremation being done locally, at *Sunset View Cemetery* in Jackson, California. This relieves families of uncertainties and reassures them of the dignity and respect that is offered by *Sierra Aftercare Center* and *Sunset View Cemetery*. Knowing their loved one will be kept in Amador County. We are not a full service funeral home and can not offer embalming at our facility. Our facility was constructed with the comfort of the family in mind.

The goods and services shown below are those we provide to our customers. You may choose only those items you desire. However, any funeral arrangements you select will include a charge for our services. If legal or other requirements mean you must purchase any items you did not specifically ask for, we will explain the reason in writing in the statement we provide describing the funeral goods and service you selected.

This list does not include prices for certain items that you may ask us to purchase for you, such as cemetery services, flowers, and newspaper notices. The price for those items will be shown on your statement describing the funeral goods and services you selected.

The survivor of the deceased who is handling the funeral arrangements, or the responsible party, is entitled to receive, prior to the drafting of any contract, a copy of any agreement that has been signed and paid for, in full or in part, by or on behalf of the deceased, and that is in the possession of the funeral establishment.
